HOW TO PAIR & SHARE

1. Turn to face your partner.
2. Sit with you knees facing each other so it is easy to hear what each person is saying.
3. Decide who will share first.
4. Listen carefully. Make sure you could share you partner's response if your teacher asked for it.
5. If something your partner says confuses you, ask them to explain it a different way.
6. Wait patiently for your turn to talk. Do not interrupt!
7. When it is your turn, speak clearly so they can hear. Ask your partner if they have any questions.

TALKING STEMS

I agree with you because...

I disagree with you because...

I have a question about something you said...

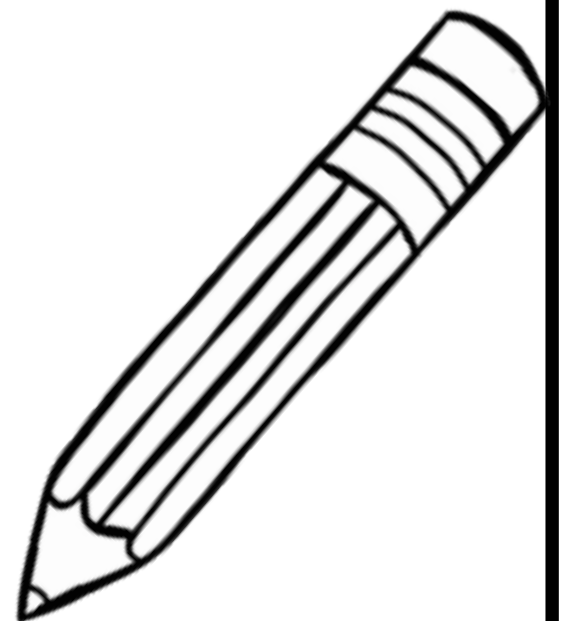

I thought it was interesting when...

Can you explain this part a little more?

The text evidence I found was...

That is a good point because...

I have something to add...

WOULD YOU LIKE TO USE THESE RESOURCES IN THE MOST ENGAGING AND EFFECTIVE WAY POSSIBLE?
